

The Orchards Group Builder Story

Our Story

Investing in your new home requires more than just decisions on where to live or which floorplan to choose. Knowing the reputation of the Builder is of paramount importance as this next chapter in your life should be as “hassle free” and enjoyable as possible. Since 1998, The Orchards Group has been Atlanta’s leading builder of Active Adult neighborhoods. From empty nesters, to retirees to seniors, we specialize solely within the Atlanta Active Adult housing market. With over 2,800 homes built in Atlanta alone plus many more in the planning stages, The Orchards Group is your best choice for this important stage in your life. Remember that we only build Active Adult neighborhoods. Unlike many of our competitors whose Active Adult concepts are just another piece in their “corporate puzzle”, Active Adult is what we do....and we do it the best !! You will not find another homebuilding team in Atlanta more committed to your satisfaction than The Orchards Group. Visit any one of our current neighborhoods. You will be impressed with our attention to the details that will make this chapter in your life so enjoyable. While visiting, feel free to stop any homeowner and let them tell you in their words why they chose to make The Orchards their new home.

- Atlanta’s Leading Active Adult Home Builder
- Over 2,800 Satisfied Home Owners
- An Unmatched Reputation for Lifestyle, Quality and Value

Floorplans and house types vary per community. Subject to errors, omissions, changes and withdrawals without notice.
